INTRODUCTION

Devlin Mambo's ESG Insights offers comprehensive market research on ESG Data, Ratings, and Financial Technology solutions. We distill this information into clear, comparable insights, helping investment managers confidently identify the solutions that best enhance their investment processes.

With ESG Insights, you benefit from:

- **Access** to many ESG solutions providers
- Reference to **a common taxonomy** when comparing solutions and services
- **Demonstrable governance** and regulatory compliance
- **Robust reporting capabilities** that allow you to capture and demonstrate your vendor assessment
- **Comprehensive benchmarking** of services
- **Trustworthy and secure** platform

ESG insights empowers you to make informed ESG-related decisions with clarity and confidence.

WHY DEVLIN MAMBO

SIMPLICITY

Our products aim to **simplify processes** and encourage effective governance.

We prioritise **practical**, value-added features over complex solutions.

Our solutions are **designed to integrate** with your business processes without the need for extensive implementation projects.

We offer collaborative setup **assistance and training**, enhancing efficiency from the outset so you can start saving time and money straight away.

EXPERTISE

Our experts **understand asset management** challenges, work closely with asset managers, and integrate **industry knowledge** into solutions that can mitigate key risks.

We are a diverse team consisting of software developers and **industry professionals**.

Our **experienced** development team come from backgrounds in FinTech, User Insights, eCommerce and EduTech sectors.

Based in London and Edinburgh, we provide **real-time accessibility**.

5 GOOD REASONS

Here's why clients choose to work with us:

We're Tried, Tested and Trusted: Our approach is about real-world experience. This is what we do; time and time again, earning the trust of our clients with reliable and effective solutions that get the job done.

We Keep it Simple: We believe in clear, straightforward communication that breaks down complex ideas into simple, easy-to-understand language. We want to make sure our clients can quickly and easily turn our insights into action without any unnecessary fuss.

We're Invested: We're more than just industry experts; we're enthusiasts. Our dedication to our clients' success means that we always go the extra mile.

We're on your side: Using our industry experience, we create processes and solutions that fit our client's specific challenges. This way, our clients get exactly what they need to meet their unique goals.

You're in good hands: Collaboration is key. By actively listening and understanding our clients' unique needs and objectives, we forge long-term partnerships built on trust, shared experiences, and aligned goals for success.

Empowering success;
driving innovation
